```
graph BT; A[for lab/doxygen/examples /diagrams_e.h] --> B[for lab/doxygen/examples /diagrams_d.h]; B --> C[for lab/doxygen/examples /diagrams_b.h];
```

The diagram consists of three rectangular boxes arranged vertically. The top box is shaded gray and contains the text 'for lab/doxygen/examples /diagrams_b.h'. The middle box is white and contains the text 'for lab/doxygen/examples /diagrams_d.h'. The bottom box is white and contains the text 'for lab/doxygen/examples /diagrams_e.h'. A blue arrow points upwards from the bottom box to the middle box, and another blue arrow points upwards from the middle box to the top box, indicating a dependency or relationship between the files.
