

for lab/freemodbus
-v1.5.0/modbus/include/mb.h

```
graph TD; A["for lab/freemodbus<br>-v1.5.0/modbus/include/mb.h"] --> B[port.h]; A --> C[mbport.h]; A --> D[mbproto.h];
```

The diagram illustrates the dependencies of the header file `mb.h` from the `lab/freemodbus-v1.5.0/modbus/include` directory. Three blue arrows point from the top box to the three boxes below, indicating that `mb.h` includes `port.h`, `mbport.h`, and `mbproto.h`.
