

\_PostscriptAlias

```
graph BT; textfont_t[textfont_t] -.->|postscript_alias| _PostscriptAlias[_PostscriptAlias];
```

The diagram illustrates a pointer relationship. At the bottom, a gray rectangular box contains the text 'textfont\_t'. A dashed purple line extends upwards from this box, ending in a solid purple arrowhead. To the right of this arrow, the text 'postscript\_alias' is written. The arrow points to a white rectangular box at the top, which contains the text '\_PostscriptAlias'.
